NEW:

Birth KC in Cesarean Section

Skills lab

RAPPT Assessment Tool lab

OBJECTIVES

- ⊙ Discuss the evidence-based components of the Skin-to-Skin Program
- ⊙ Discuss short & long-term effects of KC
- ⊙ Relate KC application to dying mothers, NAS & Congenital Heart Disease infants
- ⊙ Demonstrate application of specialized skills needed to safely implement KC for full-term and preterm infants
- ⊙ Demonstrate competency in use of the RAPPT assessment tool
- ⊙ Describe special concerns for late preterm infants that may be moderated with KC.
- ⊙ Describe how KC facilitates breastfeeding.
- ⊙ Identify the rewards of and barriers to implementing KC.
- ⊙ Develop an implementation plan to expand use of KC in participant's own facility
- ⊙ Identify special applications of KC by an NNP in a special care nursery.
- ⊙ Delineate the role of KC in new models and recommendations for care.
- ⊙ Delineate advantages/responsibilities of being credentialed.
- ⊙ Satisfactorily demonstrate preterm and term newborn transfer, positioning, advising skills, including KC for NSVD/CS births

Professional Credits

Nursing contact hours and CERPS pending. In past, 19 CERPs & 19 nursing contact hours were given.

YOU MUST ATTEND ALL CLASSES and complete pre-conference online lectures TO BE ELIGIBLE FOR KC CERTIFICATION –don't be late!

AGENDA, Before Meeting

YOU MUST COMPLETE 3 POWERPOINT LECTURES ON-LINE AND THEIR TESTS (PASSING SCORE 80%)

- 1) KC Certification, accessing, assessing data
- 2) Recommendations for Kangaroo Care
- 3) Foundations of Kangaroo Care

After Successful completion of the preconference lectures you will receive a **certificate of completion**. Bring this certificate to the conference and show it at registration so you are eligible to receive KC Certification

Print out the 400 pg. syllabus that you are given access code to for the rest of conference. You may download them but the facility does not have enough outlets for individual computer hookup. There will be no syllabii available at the conference
